## PROFILE

I am a Computer Science student who completed Higher Secondary School education in 2024, achieving an A+ grade in Computer Science. As a highly motivated and detail-oriented student, I am excited to apply my skills and knowledge in programming and software engineering to drive innovation and solve real-world problems. With a strong foundation in algorithms, data structures, and software design patterns, I am confident in my ability to develop efficient, scalable, and maintainable software solutions. Proficient in a range of programming languages, including Java, Python, and C++, I am eager to bring my technical expertise and passion for software engineering to a dynamic and forward-thinking organization.
